

PUBLICATION PROFILE

Since 1985 **“aluminium magazine”** is the leading Greek publication representing the aluminium sector at its best. In addition to current market news, it dedicates wide space to the production processes of primary and recycled aluminium, extrusions, foundry castings and rolled sections, and also supplies latest information on technologies, machinery, systems and products.

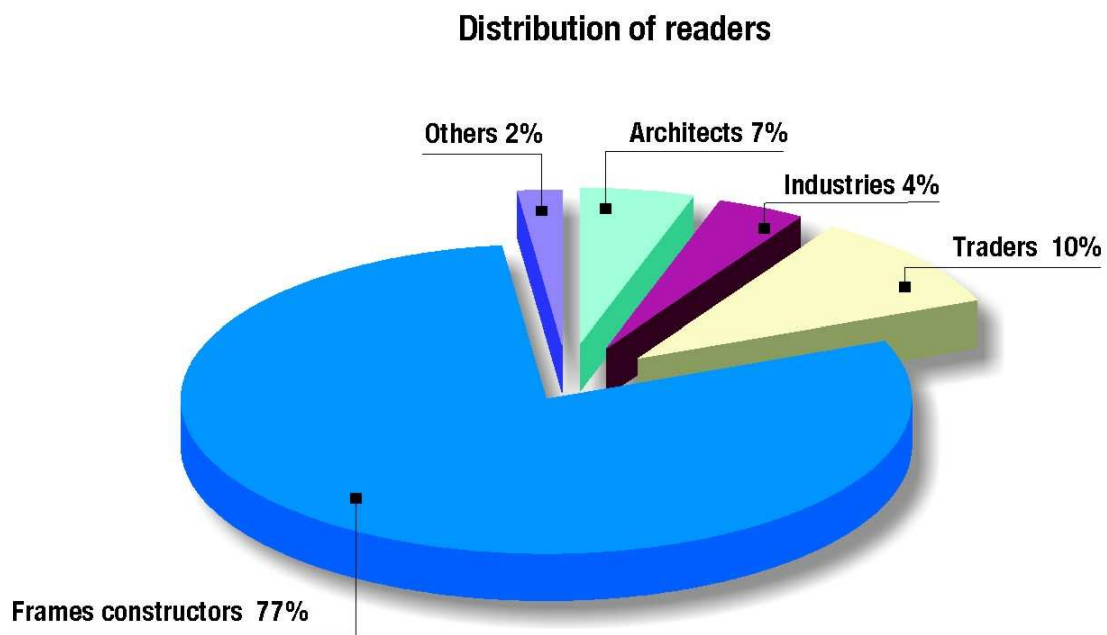

Our services in Greece include in addition to the magazine and web information services (<http://www.alunet.gr>, www.alunet.net). **“aluminium magazine”** become the monthly guide to the aluminium frames, curtain walls and associated components, product innovations, technologies, installations, economic and sector trends. It is, in short, a vital tool for the industry.
